To allow public access to all documents, papers, letters, or other public records as defined in subsection 119.011(1), F.S., made or received by the provider in conjunction with this contract except that public records which are made confidential by law must be protected from disclosure. It is expressly understood that the provider's failure to comply with this provision shall constitute an immediate breach of contract for which the department may unilaterally terminate the contract.

C. Governing Law

1. State of Florida Law

That this contract is executed and entered into in the State of Florida, and shall be construed, performed and enforced in all respects in accordance with the Florida law including Florida provisions for conflict of laws.

2. Federal Law

2. That its inability to evaluate its liability or its evaluation of liability shall not excuse the provider's duty to defend and to indemnify within seven (7) days after notice by the department by certified mail. After the highest appeal taken is exhausted, only an adjudication or judgment specifically finding the provider not liable shall excuse performance of this provision. The provider shall pay all costs and fees including attorneys' fees related to these obligations and their enforcement by the department. I. Assignments and Subcontracts

1. To neither assign the responsibility for this contract to another party nor subcontract for any of the work contemplated under this contract without prior written approval of the department which shall not be unreasonably withheld. Failure to pay within seven (7) working days will result in a penalty that shall be charged against the provider and paid to the subcontractor in the amount of one-half of one percent (.005) of the amount due per day from the expiration of the period allowed for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15%) percent of the outstanding balance due.

4. That the State of Florida shall at all times be entitled to assign or transfer its rights, duties, or obligations under this contract to another governmental agency in the State of Florida, upon giving prior written notice to the provider. A. Services to be Provided

1. Definition of Terms

a. Contract Terms

(Refer to the Glossary in CFOP 75-2, Contract Management System for Contractual Services, which is incorporated by reference herein)

b. Program or Service Specific Terms

(1) Activities of Daily Living - Basic activities performed in the course of daily living, such as dressing, bathing, grooming, eating, using a commode or urinal, and ambulating around one's own home.

(2) Case Management Providers – Private, for-profit, or nonprofit or government agencies designated to provide coordination of care for eligible clients. This includes assessment of client needs and eligibility, development of care plans, and the arrangement for appropriate services to meet those needs. Case management providers integrate all available services through departmentally-approved direct service providers into a sole program of service delivery uniquely patterned to meet the client's varying service needs. Case management providers may choose to deliver only case management services or choose to be dually responsible as both a direct service provider and a case management provider.

(3) Client - Any person who is eligible and is at least eighteen (18) years through age fifty-nine (59), has one (1) or more permanent physical or mental limitations that restrict the client's ability to perform normal activities of daily living, and impede the client's capacity to live independently or with relatives or friends without the provision of community-based services.

(4) Direct Service Providers – Private, for-profit, or nonprofit or government agencies that provide direct service support to eligible clients. Direct services range from the provision of health services delivered by physicians, nurses, physiotherapists, occupational therapists, speech therapists, and dietitians, to services delivered by workers such as homemakers, chore and transportation worker and personal care aides. The direct service provider may provide one or more aspects of care. The direct service provider may also choose to deliver only direct services or choose to be dually responsible as both a case management provider and a direct service provider.

(5) Medicaid Institutional Care Program (MICP) - A program that serves Medicaid recipients who are determined eligible for a nursing home level of care, which provides primary, acute, and long-term care services at capitated federally-matched rates.

(6) Nursing home - Any facility which provides nursing services as defined in Chapter 464, Florida Statutes, and which is licensed in accordance with Chapter 400, Florida Statutes.

(7) Outcomes – Quantitative indicators that can be used by the department to objectively measure a provider's performance toward a stated goal.

(8) Outputs – Process measures of the quantity(ies) of services delivered, clients served, or similar units completed.

(9) Performance Measures - Quantitative indicators, outcomes and outputs, that can be used by the department to objectively measure a provider's performance.

2. General Description

a. General Statement

(1) The Community Care for Disabled Adults (CCDA) Program is designed to assist disabled adults, age eighteen (18) through fifty-nine (59), in utilizing available community and personal resources enabling them to remain in their own homes, and preventing their premature or inappropriate institutionalization.

(2) Service providers will ensure that appropriate community-based services are provided to clients in a manner designed to meet the client's changing needs, to assist the client in avoiding or reducing unnecessary dependence on the delivered service(s), and to increase the client's self-reliance.

b. Authority

Sections 410.601-410.606, Florida Statutes, Chapter 65C-2, Florida Administrative Code, and the annual appropriations act, with any proviso language or instructions to the department, constitute the legal basis for services to be delivered through the CCDA program.

c. Scope of Service

Services will be targeted toward eligible adults in Monroe County.

d. Major Program Goal

Community-based services provided under this contract are designed to prevent inappropriate institutionalization of disabled adults.

3. Clients to be Served

a. General Description

Adults with disabilities, age eighteen (18) through fifty-nine (59), who are no longer eligible to receive children's services, and are too young to qualify for community and home-based services for the elderly, may be served under the provisions of this contract.

b. Client Eligibility

(1) Applicants must have one or more permanent physical or mental limitations, that restrict the ability to perform normal activities of daily living, as determined through the initial functional assessment and medical documentation of disability. (b) An applicant may present a written statement from a licensed physician, licensed nurse practitioner, or mental health professional, which meets the district's criteria for evidence of a disability. This written statement must, at a minimum, include the applicant's diagnosis, prognosis, a broad explanation of level of functioning, and the interpretation of need for services based on identified functional barriers caused by the applicant's disabling condition.

(2) Applicants must have an individual income at or below the prevailing MICP eligibility standard in order to receive free CCDA services.

(3) Applicants with incomes above the standard will be assessed a fee for a share of the costs, or may be required to provide volunteer services in lieu of payment.
